

Biography

Nigel Benn

Vice President, Sales

Nigel Benn is the Vice President of Sales at SSP. He leads our sales activities both within the building and our global field sales efforts, frequently working with our Distribution Partners.

A qualified Mechanical Engineer by training, Nigel brings over 35 years of experience in the fluid systems business, having worked with numerous industries in most regions of the world. Nigel began his career with a diesel engine manufacturing company in his hometown of Manchester, where he also studied. He is a member of the Institute of Measurement and Control and has been involved with several technical bodies related to fluid systems.

In his leisure time, Nigel can often be found on two wheels. An ex-racing cyclist, he still enjoys cycling around the roads of North East Ohio, and also enjoys motor cycling.
