

Declaration of Conformity to EU REACH

February 11, 2026

We hereby certify that the products supplied by SSP are compliant with the related requirements of European Union Regulation (EC) 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

With regard to the requirements of **Article 33 of REACH**: Duty to communicate information on substances in articles, we are declaring our products status w.r.t **253 SVHCs** as updated by ECHA on **February 4th, 2026**. To the best of our knowledge and belief, SSP products, except as defined below, do not contain any of the SVHCs above the 0.1% SVHC weight/product weight threshold established by the REACH regulation.

- Brass components: lead up to 3%
- Carbon Steel components: lead up to 0.35%

With regard to the requirement of **Article 57 of REACH**: To the best of our knowledge and belief, SSP products do not contain any of the substances identified on the REACH authorisation list (Annex XIV) in concentrations greater than 0.1% by weight as outlined by the ECHA.

With regard to the requirement of **Article 67 of REACH**: A substance on its own, in a preparation or in an article for which Annex XVII contains a restriction, shall not be manufactured, placed on the market or used unless it complies with the conditions of that restriction. To the best of our knowledge and belief, SSP products comply with the specific restrictions identified on the REACH restriction list.

As REACH regulation is updated frequently, for the major changes afterward, such as the addition of SVHC substances into Candidate list & Annex XIV, the addition of restricted substances in Annex XVII, SSP will evaluate and update this declaration to reflect those changes accordingly. This declaration is solely based on the information collected from our specifications and suppliers.
