

Certificate of Compliance: RoHS Directive and REACH Regulation

This is to certify products manufactured by SSP do not contain restricted substances on RoHS and REACH lists as of the following effectivity dates with exception noted.

RoHS 2 list effective July 22, 2019 and RoHS 3

REACH list effective July 8, 2022

Exception: Brass components may contain up to 3% lead. RoHS provides an exemption for copper based alloys up to 4% lead. Therefore, brass products do qualify under that exemption.

T. Holder

A handwritten signature in blue ink that reads 'T. Holder'.
